

Hello!!

FIRST, if you don't read anything else - READ this:

There will be an **\*\*EXCITING, SECRET, BIG DOOR PRIZE\*\*** for Saturday. You may be sorry later when you find out what it was and you were not there and missed your chance at this one!!

Here is what we did at our GIGO meeting in January:

Paul announced that the business part of our meeting will be moved to end of our meeting and the program to the front part!

Paul also asked that everybody think of what kind of goals and accomplishments you would like to see for our group that will help us to grow and be able to hold us intact.

Jill will be working on the website (with Jim) and Tracy will be working to get us on Facebook!

Business cards are in and you are encouraged to take some to keep with you to hand out whenever possible!

We will be having "workshops" outside of our regular meetings (details will follow as more information is available)!

Jill did a presentation on color theory in regards to warm and cool colors, what their color meanings are, how to figure out which colors go together from which groups, and to think about patina choices to create consistency. This was in preparation for the first of our quarterly, four season patterns, which are attached! There are 2 to choose from: a bird & a lady. Every three months you will be given new patterns with a different bird and lady. You are encouraged to modify the pattern in any way that inspires you! We look forward to seeing these pieces for show and tell!!

Paul brought show & tell of his awesome glass weaving! He also brought a flattened (melted - I am sure that is wrong) marble for a door prize!

Hope to see you all this Saturday!
